

Such record shall be open to inspection by officials of the State Department of Health and the local health departments.

The school immunization record shall be transferred by the school whenever the school transfers any student's permanent academic or scholastic records.

Within thirty calendar days after the beginning of each school year or entrance of a student, each admitting official shall file a report with the local health department. The report shall be filed on forms prepared by the State Department of Health and shall state the number of students admitted to school with documentary proof of immunization, the number of students who have been admitted with a medical or religious exemption and the number of students who have been conditionally admitted.

F. The requirement for mumps immunization as provided in § 32.1-46 shall not apply to any child admitted for the first time to any grade level, kindergarten through grade twelve, of a school prior to August 1, 1981.

G. The Board of Health shall promulgate rules and regulations for the implementation of this section in congruence with rules and regulations of the Board of Health promulgated under § 32.1-46 and in cooperation with the Board of Education. (1982, c. 510)

Effective date.--This section is effective July 1, 1983.

§ 32.1-46. Immunization of children against certain diseases.--A. The parent, guardian or person standing in loco parentis of each child within this Commonwealth shall cause such child to be immunized by vaccine against diphtheria, tetanus, whooping cough and poliomyelitis before such child attains the age of one year, again *Haemophilus influenzae* type b before he attains the age of thirty months, and against measles (rubeola), German measles (rubella) and mumps before such child attains the age of two years. All children born on or after January 1, 1994, shall be required to receive immunization against hepatitis B before their first birthday. All children shall also be required to receive a second dose of measles vaccine in accordance with the regulations of the board. The board's regulations shall require that all children receive a second dose of measles (rubeola) vaccine prior to first entering kindergarten or first grade and that all children who have not yet received a second dose of measles (rubeola) vaccine receive such second dose prior to entering the sixth grade. The parent, guardian or person standing in loco parentis may have such child immunized by a physician or may present the child to the appropriate local health department which shall administer the required vaccines without charge.

B. A physician or local health department administering a vaccine required by this section shall provide to the person who presents the child for immunizations a certificate which shall state the diseases for which the child has been immunized, the numbers of doses given, the dates when administered and any further immunizations indicated.

C. The vaccines required by this section shall meet the standards prescribed in, and be administered in accordance with, regulations of the Board.

D. The provisions of this section shall not apply if:

1. The parent or guardian of the child objects thereto on the grounds that the administration of immunizing agents conflicts with his religious tenets or practices, unless an emergency or epidemic of disease has been declared by the Board, or

2. The parent or guardian presents a statement from a physician licensed to practice medicine in Virginia which states that the physical condition of the child is such that the administration of one or more of the required immunizing agents would be detrimental to the health of the child.
